

CONVECTION WARMING DRAWERS

Thermador® | *An American Icon*™

30" Convection Warming Drawer. To be installed with custom front panel or Thermador coordinating front panel (shown).

FEATURES & BENEFITS

The open sides make it easier and more convenient to load and unload

Spacious 2.0 cubic-foot drawer cavity

Convenient touch control panel boasts a digital display and includes an electronic timer, a hot surface indicator, an automatic shut-off feature, and Sabbath mode

400-watt convection heater evenly and quickly heats large stacks of plates

Exclusive 600-watt glass-ceramic heating surface ensures quick and even heating, and is easy to clean

Because the drawer and the door are separate units, it's easy to install with custom cabinetry for a seamlessly integrated look

Telescopic rails feature a telescoping, ball-bearing design for smooth opening and closing that supports up to 55 lbs
